

Someone wrote an essay called, “All I need to know I learned from Noah’s Ark.”

1. Don't miss the boat.
2. Remember that we are all in the same boat.
3. Plan ahead. It wasn't raining when Noah built the Ark.
4. Stay fit. When you're 600 years old God may ask you to do something really big.
5. Don't listen to critics – just get on with the job that you have been assigned.
6. Build your future on high ground.
7. For safety's sake, travel in pairs.
8. Speed isn't everything. The snails were on board with the cheetahs.
9. When stressed, float awhile.
10. Remember the Ark was built by amateurs, the Titanic by professionals.
11. No matter the storm, when you are with God, there's always a rainbow waiting.
